DAILY TRIBUNE.
CITY OF CHICAGO.
SATURDAY MORNING, MARCH 3, 1855.

THE NEWS.

We give prominence this morning to a communication from a member of the Bellevue Society of this place, and ask the attention of every voter of the city to the state of facts which it discloses. The statements contained in it are entitled to the most implicit credit, and they justify every censure which we have ever bestowed upon the Bellevue Society. Let the candidates now before the people for municipal honors say what they will of the policy of the Temperance Law, recently passed by our Legislature. It is very lengthy, but will probably be concluded in three more numbers of our paper. It will be read with interest by the whole community, and will be found, we think, all that Temperance men could ask.

The Senate of the General opening of the Pennsylvania Railroad from Pittsburg to Philadelphia was resolved in New York by the passage of a bill to that effect by the Senate of that State, by a vote of 18 to 14.

The telegraph this morning gives us some tidings concerning affairs in Canada. The news is quiet intelligence. The Ministry appear to have a decided majority on the divisions, and are now busily engaged in getting through on their own terms. There is a good quantity of a paper from Toronto to a good quantity of a paper from Quebec. The latter is the principal organ of Attorney General Cartier, and the former of Hincks. The Kossuth Banquet will be held on the 15th inst. at Montreal.

The Kansas Bill has passed both Houses of Congress.

THE GOOD SELLERS EXAMINED!

Meetings of the Good Sellers have now been held in every division of the city, and they are organized for the election, next Tuesday, better than ever before. Cash subscriptions for the support of good citizens and measures, and not against any one, have been liberal, and the subscription not paid but reported "good," equal to nearly eighteen thousand dollars, have been made up, to be used for buying up Illegal votes! This is the only purpose for which they are to be expended—exactly what they mean.

Although the most brutish thing that was in contemplation to take possession of the polls on election day, was the passage of a big liquor seller, they passed the 4—I Know Nothings if they had to walk knee-deep in their blood to do it! It is to be hoped that they will think that three liquor-dealers will give thousands of dollars to aid in carrying an election, whichever way they may go, for the benefit of the relief of those whom they have made paupers and drunkards! Or that they will not vote for any ticket which they may be voted, if they do not support it! Or that they will not support it, if they do not support it! Or that they will not support it, if they do not support it! Or that they will not support it
